IAEGlocal is the Laboratory of Start Ups in this unpredictable GIG economy with its roots embedded in the professional experience of over 100 years of “Setting-Up, Operating & Managing” corporations of world class of all sizes in multiple locations across the world.

It revolves around “Innovation–Entrepreneurship–Employability” based on the foundations of “Social Technology”. IAEGlocal works on the vision of “NURTURING INNOVATION & ENTREPRENEURSHIP” amongst masses . The Academy scouts & trains for young & budding “Ideators or Innovators” as “Social Imagineer. These “Global Future Leaders” are groomed as a happy and healthy human beings. These young buddies are pampered during their interface within IAEGlocal’s 365 degree eco-system.

The Academy does not have any discrimination criteria to absorb or select prospective Global Future Leaders other than our robust evaluation and assessment process through which all interested children and parents are filtered under **ZERO TOLERANCE POLICY ON DISCRIMINATION. Required Basic Qualifications**

Fire in the Belly	Dignity of Labor / Multitasker Mindset
Non Negotiable Integrity	24*7 Psychological Engagement

The Program

Life Skill Engineering (LSE) Global Future Leadership Program (GFLP)

In today's time, with an advent of various academic & career options to our young students & future leaders. They are getting more and more perplexed about what & how to select course of studies, college and pursue a successful professional future.

LSE is a schematic, but tailor made program which has been helping Students and Young Indian Professionals to realize/unfold their passion and hidden potential accordingly to choose and prepare themselves for a matching academic or professional career in line with social and parental expectations. Under this program, our efforts have been to inculcate the spirit of **“Professionalism”** & **“Entrepreneurship”** as a **“Trait”** or as a **“Trade”** so that their inbuilt energy & efforts are channelized in a direction whereby these young buds become a meaningful contributor to the overall sustainable development, peace and prosperity in the world.

We target to **COACH** & prepare students to get them exposed & ready for the most sought for Educational, Employment & Entrepreneurial Opportunities available across the globe. Our program must not be construed as **“TUITION”** classes at any given point in time. It is a **“Collaboration Model”** of **“COACHING”**, **“CAREER GUIDANCE”** & **“PROFILE BUILDING”** with the help of **“Parents & Equally Statured”** counterparts in participative and collaborative manner to create a promising environment of healthy competition between all the future leaders of the group.

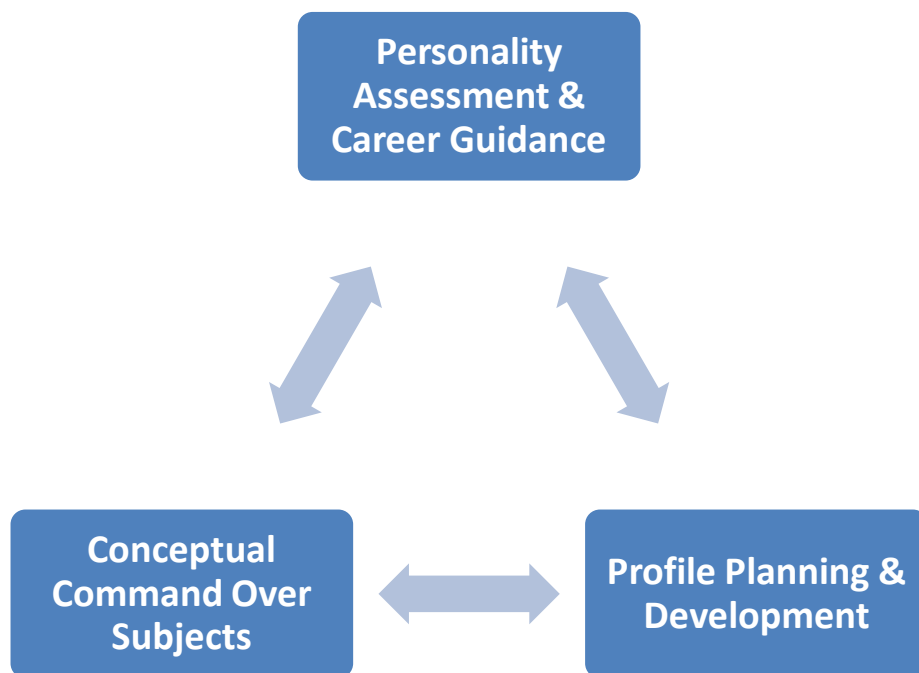

This program has been designed for students of Xth – XIth – XIIth - All Streams & Boards & also for UG & PG Students. Each batch is comprised of not more than 5 Students & Parents (Online) after taking them through our Assessment & Selection Process. Small batch sizes help us to establish individual connect and attention of the Coach to each Coachee.

What is this Program?

The **Life Skill Engineering (LSE)** is a program through virtual and practical solutions to “Academic” or “Personality” related challenges. It is an Onsite & Online Simulation based ways to measure the changes occurring in the real life situation of most of the students. This would only be successful when there is active indulgence of at least one parent during the program till it ends.

You become eligible to join this program through some Assessment Process(es) where you, your parents and **Chief Career Navigator (CCN)** of **IAEGlocal** spend time on deliberating and discussing about each others’ limitations & expectations.

It is not a “Class Room Teaching” with marking and scoring on digital or alphabetical scales. It’s a firsthand experiential coaching program in a lively situation where you “Challenge” self and be ready to be “Challenged” by others.

Why do students need to join this Program?

This program is a form of “Readiness & Launching Pad” for students to be more mature & professional towards meeting your day-to-day academic and personal “Life Skills”. It would also help the students to harness and sharpen their hidden potential to drive and achieve their own dream with confidence. The collaboration between the Coach & Parents would pave a path for all those children to be a differentiator in the space they get into.

Where is the Location?

The approach of this program is such wherein, Students would be visiting/online to the transit premises of **IAEGlocal** in Gurgaon (HR) for 2 days in a week, mostly/preferably on weekends for 2-3 hours (Three Weekends Only).

There would be a Parent - Coach – Coachee Meet in alternate months to measure the developments while also understanding the children’s limitations and parents’ contributions in their progress.

These children would also be facilitated to write articles and papers for social/print media/websites/blogs and also to visit and participate in occasional seminars/conferences/talks/events (online & in person) etc., pertaining to their respective field of interest. Occasional traveling with Team **LSE** within their city may be required.

Who are the Mentors & Coaches?

Most of the Mentors & Coaches would be experienced, acclaimed and relevant Professionals/Industrialists/Bureaucrats/Politicians/Academicians etc., (mostly from IITs/IIMs/MDI/JNU/SIBM and other Prestigious Institutions of the World) but not on a regular basis.

These would mostly be our guest of honor who would either share their own experiences or share the best practices from across the industry and globe as well. These events may also be organized through webinar/video calls depending on their availability.

Moreover, some of our alumnus of **IAEGlocal** who have already joined Indian / International Universities, Courses & Careers may also be guiding current students through their benign presence or through audio visual mediums.

When does it start?

The program commences in several batches after selection through assessment process between May & June of every year.

The duration of the **LSE** program is for & up to two years till the time all prospects are ready to enter in the college/university/profession for their undergraduate/postgraduate/internship/higher studies program in India or abroad.

How is it going to be Benefitting Students? Objectives to be achieved during and after the completion of the program.

1. The student and his personality is assessed in a holistic manner with the usage of some globally tested & proven “Psychometric Tools” while also understanding about him with the help of his parents and friends.
