

SteriProtec™
Project: connect2care

M/s Pest Control M. Walshe® (A 60 years old World Class Corporation in the space of Healthcare & Hygiene Services) & **TSS-Urjayti®** (Transforming Social System), A Charitable Public Trust (Incubated by **Indian Academy of Entrepreneurship - IAE™**) launches its Project & Operation “**connect2care**” to serve & train “Citizens of the Country” during this unprecedented pandemic to reduce & control community spread and contamination in their respective localities during & post COVID-19 by applying Innovative and Unique methods of Sanitization, Sterilization & Fumigation to the surroundings within and outside home.

Service Specifications:

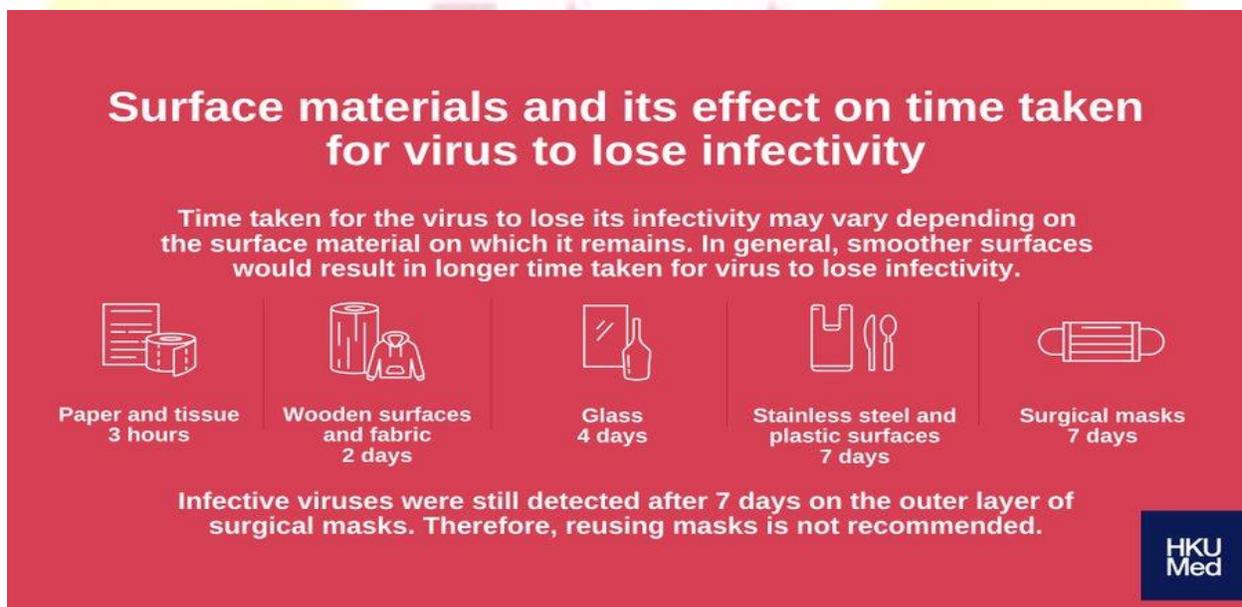

SteriProtec™ is a **Disinfectant Service** towards **Sanitization** and **Sterilization of Your Premise (Residential Colonies, CHGS, Shopping Areas, Individual House etc.,) with training to protect lives (Humanity)** against microbial contamination i.e. major strains of viruses, bacteria and fungi, including airborne and Viral Diseases.

- **Gram-positive bacteria**
- **Gram-negative bacteria**
- **Bacteriophages**
- **Amoeba**
- **Small and large viruses**
- **Spore-forming organisms**
- **Yeast**
- **Mold fungi**

Urgent Need of the Hour: Health & Hygiene through Sanitization, Fumigation & Sterilization. We have all read and heard so much about **COVID 2019** (Corona Virus) that our heads are busting with the amount of information we receive every day. There's a lot we still don't know, such as how different conditions, such as exposure to sunlight, heat, or cold, can affect these survival times, whether they increase or decrease. However, what we need you to remember is that:

- **Maintain Less Social, More Physical Distancing (1.5 to 2.0 Meters).**
- **Keep Sanitizing Both Hands Minimum for 20-22 Seconds.**
- **Keep a Mask on.**
- **Keep Shoes/Slippers Outside the House.**

However what we really need you to emphasis on is **Keep Cleaning and Disinfecting Frequently Touched Surfaces. The Genetics of the COVID-19 virus has been found even after 17 days on a cruise ship.** Refer & Remember The Chart Below:

Periodicity & Time Frame:

Steri Protec™ Service is a Prophylactic Treatment that keeps the premises disinfected till exposed or contaminated. Services need to be carried out a “**Minimum of Every 15 Days**”. However, in “**High Trafficked Areas**” a service “**Every 7 Days is Recommended**”.

Location & Target Audience - Residents of Co-operative Group Housing Societies (CGHS), Residential Colonies (RWAs), Shopping & Market Complex in The Locality, Safai Karamcharies, Maids, Drivers, Car Cleaners, Delivery Boys, Saloon, Restaurant, Mom & Pop Corner Shops, Children & Youth (Herd Immunity).

People Resources (Trainers & Executives) – Volunteers & Executives from **PCMW** and **tssUrjayti** (Transforming Social System – Urjayti), a Charitable Public Trust of **Indian Academy of Entrepreneurship (IAE)™**. Volunteers & Staff from all Petty Shop Keepers whose Shops have been closed since last one month or more during or post lock down. They would be paid Volunteers and Staffs on a Temporary Basis.

Technology & Chemicals – Our **Steri Protec™** is a disinfectant service uses products that are approved by World Health Organization (W.H.O) and The US EPA. Some of the products being used for Disinfection are

- Hydrogen Peroxide + Silver
- Sodium Hypochlorite
- Octyldecyl Dimethyl Ammonium Chloride + Dioctyl Dimethyl Ammonium Chloride + Didecyl Dimethyl Ammonium Chloride + Alkyl Dimethyl Benzyl Ammonium Chloride

Our trained specialists use foggers, ultra low volume and sprayers to disperse the disinfectant to treat the area and surfaces.

Commercials: The commercials can be worked out on a **Public Private Partnership (PPP)** model wherein CGHS/RWAs/Market Associations can partner all expenses in collaboration with area's **Municipal Corporation**, under the leadership of local "Councilor/MLA/MP/Public Servant". Individual houses for their internal Housekeeping/Sanitization/Sterilization etc., or deep cleaning services can be paid on an individual arrangements with **PCMW** & Customers. Same service standards and commercials can also be worked out between individual shop owners and their internal premise services etc. All service charges are excluding applicable taxes.

A. Co-operative Group Housing Society (CGHS) & Household Training Program:

B. Residents Welfare Associations (RWAs) – Residents Training Program:

- We would be happy to carry out training classes in groups & batches for residents of CGHS or Colonies who avail our services to care for health & hygiene. Training masses would be an integral part of the Sanitization & Sterilization Services.

C. Commercial or Shopping Complex (HUDA) Associations – Shopkeepers' Training Program:

- We would be happy to carry out training classes for Market Associations etc. as well who avail our services. Training masses would be an integral part of the Sanitization & Sterilization Services.

D. Training to Safai Karamcharis / Maid / Drivers / Electrician / Plumber / Barber / Saloon / Restaurant & Tea Stalls etc / Mom & Pop Shops / MCG Karamcharis / Manual & Auto Rikshaw Drivers etc.,

- We would be happy to carry out training & coaching program for the above essential services' members of our society who would be trained free of cost to serve themselves & humanity at large.
